BRADT TRAVEL GUIDES

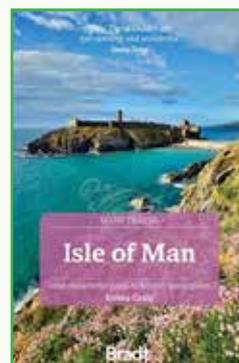

Slow Travel: Isle of Man, Bradt Travel Guide (1st ed. Jan. 26)

ISBN 9781804693148

Isle of Man (Slow Travel) is a new guidebook celebrating this self-governing Crown Dependency in the Irish Sea. Written with intimate detail and insider tips by an author born and raised on the island, it offers a more personal, off-beat selection of places to explore than other guides, and its text is infused with vibrant stories and local voices.

kr. 245,00

kr. 196,00

ITM - INTERNATIONAL TRAVEL MAPS CANADA

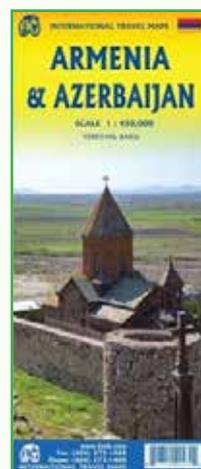

Armenia & Azerbaijan, International Travel Maps

ISBN 9781771290432

The two countries have to be mapped as one, and visited as one; internally, the Armenians tend to inhabit the western third and portions of the centre, the Azeri most of the rest of the area, with enclaves of Avars, Lezgins, Cachuri, and Talys in specific areas. A second problem with mapping the two countries is that each insists that roads that used to be main transportation conduits were severed during the nationalistic creation of both entities, but both sides insist that these non-usable roads are still the main, or national highways. Which ones are open, which ones have new by-pass routes, and which are closed is exceptionally difficult to record. Detailed inset maps of Yerevan (capital of Armenia) and Baku (Azerbaijan) are included.

kr. 119,00

kr. 95,20

Bolivia, International Travel Maps

ISBN 9781771291149

South America retains its attraction as an exotic travel destination, and land-bound Bolivia is one of its great adventures. This double-sided map shows the country to good advantage. The western half is mountainous and is where the bulk of the local people live. Connections from Brazil and from Chile are possible, but not as well used. There is only one road connecting the country to neighbouring Paraguay, so Bolivia remains one of those off-the-beaten-track travel experiences beloved of jaded travellers.

kr. 119,00

kr. 95,20

Estonia & Tallinn, International Travel

ISBN 9781771292740

Estonia is probably the most-visited Baltic state, having easy ferry access to Helsinki. Side 1 is devoted to Tallinn, the country's capital, with its double wall enclosing the ancient 'old' town and extending to the lower 'new' town. Both are within easy walking distance of the

kr. 119,00

kr. 195,20

ferry terminal or railway station. Most of the hotels are located in the lower town. The city has an excellent tram system, but both the old and the lower town areas are largely walking precincts. The country fills the second side.

Europe Railway & Road, International Travel Maps

ISBN 9781771292733

The Europe Rail Map has proven to be a best seller. This most recent edition updates recent completions of the new 'fast train' network that is gradually transforming transportation of passengers in Europe. Much of this will consist of extensions to line already in place. We have included the east-west link through London, which is still under construction, but not the future line to Birmingham. In France, the western portion of the line to Caen is open, but not the link to Paris. The Spanish system is mostly in place and Italy is now completed as far south as Salerno. Connecting links between countries is, however, mostly a future hope. The regular rail system is shown in black and is quite extensive. For the sake of convenience, the motorway and main road networks of Europe are included, but the strength of this map is its emphasis upon train travel.

kr. 119,00

kr. 95,20

Guyana, Suriname & French Guiana, International Travel Map

ISBN 9781771293310

The focus of this map is on Guyana, reflecting the changes coming about as a result of the growing assertiveness of Brasil, which has repaved the highway north from Manaus on the Amazon to the border with Guyana (at Bomfin). The Guyanese are improving the road to Georgetown, shortening travel times for goods in both directions by weeks. This new bridge also enables travelers to pass north and south much more easily. We have also re-done the inset map of Georgetown to bring it up to date. We have also changed the regional map on the reverse side, which used to cover all three Guianas countries, and replaced it by one concentrating on the other two countries. The most significant change we've made is to re-name Surinam to the country's preferred name of Suriname.

kr. 129,00

kr. 103,20

Kazakhstan, International Travel Map

ISBN 9781771294201

Kazakhstan is one of the many breakaway countries that split off from the Soviet empire when it spectacularly imploded in 1989/90. It is a very large country, and it shares a long border with Russia. Thus far, relations between the two countries seem to be fairly cordial, but Putin is an unstable leader, so the Kazaks have to play a softly-softly foreign policy so as not to arouse the Russian bear. That said, it is a friendly country and well worth visiting. Side one shows the western portion of the country from the Caspian Sea to Zhezqazghan, including the remaining portions of the Aral Sea, which it shares with neighbouring Uzbekistan.

kr. 119,00

kr. 95,20

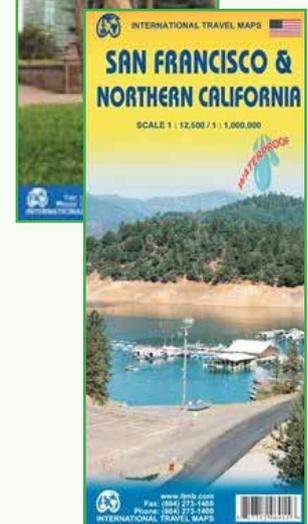

San Francisco & Northern California, International Travel Maps

ISBN 9781771297417

This most recent edition of our popular San Francisco and region map arrives just at the start of the summer season. The entire city is shown in great detail, along with one of the special features of ITM maps the entire rapid transit system. The road network, with one-way streets is clearly shown, and as many touristic attractions as we could fit without over-crowding. The regional map covering the road network from Bakersfield north to the Oregon border has also been updated, comprising the touristic highlights : Yosemite, Death Valley, Kings Canyon, Sequoia, Redwood, Lassen National Parks, State Parks and National Forests. The map is printed on durable plastic paper

kr. 114,00

kr. 91,20

with complete index of all cities and towns in the map. Map Insets: a map of San Francisco Bay region including access roads and a map of Bay Area Rapid Transit System.
